We are in much the same situation in Toronto as many of you are, scattered across North America. I do not have much in the way of news right now, but I thought it was time to "check in" and let you know we are well.

Some of our church people are struggling to adapt to a whole new reality at home, school, and work. And there are (legitimate) concerns about health, safety, and jobs. We all need one another's prayers right now.

Our church services have gone online, as, no doubt many of yours have in recent weeks. It isn't ideal, but it is certainly an option previous generations did not have and for which we give thanks.

As you pray for our assembly, please especially remember Mariann, who is a nurse and a single mom.
