I just want to praise the Lord during this crazy time. Even though there are so many difficult things I keep thinking of how He is sustaining and looking after His ministry.

This year at National was a record year in bookings. These bookings help fund the internship program and our expansion fund. Although they have taken a big hit this last month it is nothing compared to what it would have been a couple years ago.

He prepared us to sustain this. I just keep thinking about how we can't be tied to our system or formula for doing ministry but instead be willing to adapt and adjust in order to meet needs. CBM has a history of doing this in the past.

- Pray for wisdom for leaders in our ministry as we navigate this and pray for finances. April is normally when we do a lot of fundraisers for scholarship money so we can help kids get to camp. It is also a big time for groups to use our facilities and that money also helps sustain our ministries and make cost low for kids to come to camp.
- Pray for our missionaries overseas stuck in different countries under quarantine.
- Pray for our short term trips which may be canceled or postponed.
- Pray for wisdom for me as this changes the internship program drastically.
- Pray that God would show me how to navigate it and to keep the interns safe and healthy.
