

**Psalm 21**  
**Trusting God in Every Season of Life**

I. Rejoice and remember God's \_\_\_\_\_ faithfulness (vv. 1-7)

II. Rejoice and remember God's \_\_\_\_\_ faithfulness (vv. 8-13)

## Keith and Wendy Hock

Montevideo, Uruguay (B.M.W.)

Enrique is a guy we met about 30 years ago. He's a Jewish man who owns a store that specializes in spices. Enrique has not been very congenial to us from the beginning. Last week though, when we needed something, he was very kind and talkative. Out of the blue he asked, "Are you evangelists?" The subject of the Messiah came up. We trust that some material we sent him will help him be drawn to Jesus.

Just this past Sunday, Gabriel (the vet), asked if he could come to our house to talk. He's interested in piano lessons for his 12 year-old son. He also has questions about God, salvation, and the difference between religion and Christianity. We had a very good talk. Please pray with us for this redemptive relationship.

Would you please pray for Lorena? She's been listening to several Bible devotionals that Elizabeth has been sending her. Lorena's birthday is tomorrow. We'll be dropping by a cake and gift as we make several ministry stops tomorrow.

For our midweek Bible study, our church is studying the book of Hosea. I've been recording the lessons and then putting them on our church's WhatsApp group.

Our son, Timothy, will be finishing up a one year internship at the end of this month. Please pray for his missions pursuits with Biblical Ministries Worldwide.

We'd also like to ask your prayers for Samuel. He's submitted many job applications but nothing has opened up. He has various "side" jobs – which are helpful – but not giving him regular income. He's planning to begin his second year at Appalachian Bible College this fall.

Wendy and I had to cancel our four week furlough to the U.S. We were going to visit some supporting churches that we haven't seen for several years. We were also going to attend our son David's graduation from seminary, be there for his ordination ceremony and spend some time with him and Timothy.

Because of covid restrictions, Uruguay has no inbound/outbound commercial flights, meaning our mail service is temporarily discontinued. Last month we received a piece of mail that was sent eight months before!! I think a postal worker uncovered a lost bag of mail!

In regard to the coronavirus crisis, we want to share an 11 minute message from David Brown who is a BMW missionary in South Africa. It's entitled, "God is Speaking".

Here's an item of praise: because of the generosity of several of you, our medical bills are all paid off! Thank you so much for your ministry to us in this way.

This past month we have received many kind notes from you...those who are interested in this ministry. Thank you for laboring with us.
