- Praises: I made it safely to the USA. The Lord worked out all of the details and provided for my needs. I have been able to continue my ministries online, even from the States.
- Please pray for our church/school leadership as we make decisions for the next several months. Pray for wisdom and guidance as we prepare to do online classes for this next school year.
- Pray that those from Lighthouse Bible Believer's Church would continue to grow spiritually as it will probably still be months before the church is able to hold in-person services again.
